The Gift of Christmas

The Features

- Christmas Memories
- Christmas Comedy
- Christmas SongSkits
- Dear Santa
- The First Christmas
- Gipp Forster's Christmas

These features have the kind of production value and emotional punch that has won us national awards for creative excellence (CLIO, IBA, National Syndication Awards). It's the kind of production value that makes The Gift of Christmas stand apart from the mediocre crowd of Christmas specials.

The Music

Our music is carefully researched and chosen from what is probably one of the largest collections of Christmas CD's. The Gift of Christmas is updated every year to keep it fresh and entertaining. It's digitally mastered and delivered on compact disc for premium quality stereo reproduction.
